18<sup>th</sup> March 2020

Good morning Parents and Carers

## Coronavirus Update

School will be operating as usual today and we continue to put prevention measures in place for students and staff.

We are working hard to support our community and families by avoiding school closure. However, we must make you aware that a partial or full closure may be necessary in the near future either due to direction from the government, Public Health England or if we do not have enough staff to run the full timetable. I will communicate this via the official channels:

- MyEd App
- Email
- Website notice
- Official Facebook page 'Saints Peter and Paul Catholic College'

### **We are continuing to follow latest guidance around those displaying the symptoms:**

1. If your child is displaying symptoms of a new, continuous cough and/or fever please do not send them to into school.

**Advice is for your child and the whole household to self-isolate for 14 days.**

2. If a member of your household is displaying the above symptoms please do not send your children into school.

**Advice is for the whole household to self-isolate for 14 days.**

**Students displaying and stating these symptoms will be placed in an isolation room and will be required to go home. Please can you support us by discussing with your child the serious implications of stating that they have these symptoms and the measures both school and the whole household will be required to put in place.**

We totally understand that some parents/carers will have concerns about their children, particularly those who have underlying health issues. We are encouraging you to make the judgement about your child as you know them best and this decision is yours to make. Please can parents and carers contact school and let us know if you are self-isolating.

I will continue to update you as and when I know more.

Thank you for your continued support and understanding at such a challenging time.

**Mrs D Scott**  
Principal
